

# "OUT OF THE SHADOWS" - A DISCUSSION OF LONGWOOD PLACE AND THE EMERALD NECKLACE

COMMUNITY MEETING

MONDAY, FEBRUARY 27, 2023 6-8 PM, FENWAY COMMUNITY CENTER  
1282 BOYLSTON STREET, 02215 (ENTER AT JERSEY AND BOYLSTON ST)

## WHAT HAPPENED?

On January 19, 2023, the BPDA board voted to recommend the Longwood Place project, despite its violation of its guidelines limiting shadows on public parks, 60+ letters of concern from residents and organizations, and over 2,700 petition signers. The filing contains language that prohibits any future challenges to the approved maximum heights and exempts itself from any new regulations that would restrict shadows on the Emerald Necklace.

## WHAT'S NEXT?

Longwood Place now moves to a Boston Zoning Commission hearing on March 1st. We will present shadow information, discuss the plan, invite feedback and discussion, and ask our representatives for solutions that help protect our parks and open spaces. Come join us to learn about this important and impactful project and what you can do.

### VIEW

Shadow presentations from landscape architect Elena Saporta, ASLA, RLA, LEED AP

### LEARN

Review the filing and its impacts on parkland. Learn about upcoming hearings and how you can participate

### SHARE

Bring your reactions and thoughts to help plan forward on how to protect your public parks
